Stern, E., (ed.), *The New Encyclopedia of Archaeological Excavations in the Holy Land* (5 volumes; Jerusalem: Israel Exploration Society, 1993-2008).

## **Online resources**

The SBL Society for Biblical Literature) Website has many useful resources, including materials to aid in teaching the Bible in Secondary School:

<https://www.sbl-site.org/educational/default.aspx>

They also have a forum. It hasn't been updated since 2010, but there are still some interesting past contributions, notably a piece on the aims of African American Biblical Studies – a long overlooked field:

<https://www.sbl-site.org/publications/SBLForumBrowse.aspx>

They also provide web links for further research:

<https://www.sbl-site.org/educational/sitesofinterest.aspx>
